

Let's Test 2013

Tutorials - May 20, 2013

08:15-09:00	Registration							
09:00-09:15	Welcome							
09:15-10:30	Keynote: "How Do I Know I'm Context-Driven?" James Bach							
10:30-11:00	BREAK							
11:00-12:30	"In Depth Look at the Art of Test Reporting" James Bach	"Hiring For Your Team: Culture Trumps Skills" Johanna Rothman	"Better Teamwork, Better Product" Steve Smith	"Improving system performance through a few minutes, every day, from everyone" Scott Barber	"What's The Problem?" Michael Bolton	"Beyond RCA: Lifelong Analysis Skills for Explorers & Process Junkies alike" Simon Morley	"The Challenges of Brilliant Observations and the Fallacies of Convincing Descriptions" Ilari Henrik Aegerter	"Human-scale Test Automation" Michael Hunter
12:30-13:30	LUNCH							
13:30-15:00	(Continued full day track) James Bach	(Continued full day track) Johanna Rothman	(Continued full day track) Steve Smith	(Continued half day track) Scott Barber	(Continued half day track) Michael Bolton	(Continued half day track) Simon Morley	(Continued half day track) Ilari Henrik Aegerter	(Continued half day track) Michael Hunter
15:05-16:30	(Continued full day track) James Bach	(Continued full day track) Johanna Rothman	(Continued full day track) Steve Smith	"Rapid Performance Testing" Scott Barber	"To Infinity and Beyond! Simple Sampling Techniques for Test Coverage" Dawn Haynes	"Learning To Say No" Fiona Charles	"Thinking and working visually for software testers" Huib Schoots & Jean-Paul Varwijk	"Scripted Manual Automated Exploratory Testing" Keith Stobie
16:30-16:45	BREAK							
16:45-18:15	(Continued full day track) James Bach	(Continued full day track) Johanna Rothman	(Continued full day track) Steve Smith	(Continued half day track) Scott Barber	(Continued half day track) Dawn Haynes	(Continued half day track) Fiona Charles	(Continued half day track) Huib Schoots & Jean-Paul Varwijk	(Continued half day track) Keith Stobie
18.30-20.00	Dinner							
20.00-22.00	Evening Activities							
22:00-01:30	Bar and Music							

Conference Day 1 - May 21, 2013

09:20-09:30	Morning remarks			
09:30-11:00	Keynote: "Kick-Ass Manager" Johanna Rothman			
11:00-11:30	BREAK			
11:30-12:30	"The Typo In Testing - Let's Taste!" Duncan Nisbet	"Hiring to solve the puzzle" Maria Kedemo	"Set your Course: Future Roles and Trends in Testing" Huib Schoots	"The Leading Edge of Testing Mobile Apps" Julian Harty
12:30-13:30	LUNCH			
13:30-14:30	"Linguistics - On How To Keep a Dialogue Constructive" Leo Hepis	"Talking To Triangles" Dawn Haynes	"Thats a bit random! Using randomness to help you test" Pete Houghton	"Don't test too much! [or too little] (Lessons learned the hard way)" Keith Stobie
14:40-15:40	"Test Leadership Heuristics - a Mini-Workshop" Fiona Charles	"The Evil Tester's Guide to Technical Web Testing" Alan Richardson	"Python For Testers - A Live Session" Kristoffer Nordström	"What Is Good Evidence?" Griffin Jones
15:40-16:10	BREAK			
16:10-17:10	"Systems Thinking For The Rest Of Us" Tobias Fors	"How You Can Get Involved in the Community" Jari Laakso	"The Test Planner - a Heuristic For Analysing Requirements and Brainstorming Test Ideas" Louise Perold	"Observation Ninjas & Description Superheroes" Ilari Henrik Aegerter
17:30-20:00	DINNER			
20:00-22:00	Evening Activities			
22:00-01:30	Bar and Music			

Conference Day 2 - May 22, 2013

09:30-10:30	"The Art of Understanding" Carsten Feilberg	"Information Overload and Bad Decisions" John Stevenson	"Failing – The Very Humans Side of Testing" Simon Morley	"Integration Testing: Models, Heuristics and Tools" Anders Dinsen
10:30-11:00	BREAK			
11:00-12:00	"Debugging Human Interactions" Steve Smith	"Hitting the wall – How (previous) action gaming experience could serve as a gateway into better testing" Madis Jullinen	"Leveraging Context to Expand Testing Horizons" Mark Micallef	"Bad Testing Metrics And What You Can Do About Them" Paul Holland
12:00-13:00	LUNCH			
13:00-14:00	"We Know More Than We Can Tell – Tacit Knowledge in Testing" Michael Bolton	"The Commoditization of Testing Bucking the Trend" Iain McCowatt	"Testing In The Age of Distraction - The Importance of (de)Focus in Testing" Zeger Van Hese	"Fuzz Testing – Crashing Software" Jukka Taimisto
14:00-14:30	BREAK			
14:30-16:00	Keynote: "Business Value of Testing" Scott Barber
